

# Foreword

I am gratified to pronounce the completion of the 2014 Cavite Socio-Economic and Physical Profile. This is a result of concerted work of the Research, Statistics, Monitoring and Evaluation Division of the Provincial Planning and Development Office.

This SEPP or the Ecological Profile presents the sectoral status of Cavite such as social, economic, environment and local administration, to name a few.

As a progressive work, we welcome all suggestions and comments to continually improve our work.

May the readers, researchers and policy makers find this Profile helpful in terms of statistics and inputs in their respective work for the development of our beloved Cavite.

We offer the completion of this document to our Creator, our Lord Almighty.

Thank you very much.

**JESUS I. BARRERA**  
Provincial Planning and Development Coordinator
