

# Chapter 1. Local Governance Performance Management System (LGPMS) Result

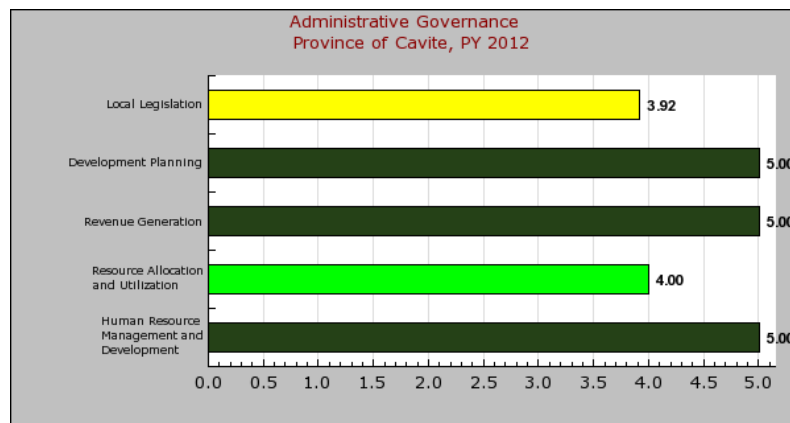

## PART 1. STATE OF LOCAL GOVERNANCE PERFORMANCE, ELECTRONIC REPORT (E-SLPGR)

Province of Cavite, PY 2012

Highlighted in this report is the province's performance in four (4) areas of governance: (1) Administrative Governance, (2) Social Governance, (3) Economic Governance, and (4) Environmental Governance. A special report is included to determine how the fundamentals of good governance such as Participation, Transparency, and Financial Accountability are valued in the LGU. It is to note that Cavite's performance was assessed based on the responses of the LGU's Team to the questions provided into the LGPMS database. A Performance Scale is used to identify areas with excellent performance and areas for improvement. A perfect scale of 5 denotes excellent performance while performance scales of 1-4 indicate areas for improvement. Although scales of 3 and 4 are relatively high, there are areas which can still be improved on. All these are explained in detail as you read the entire report.

### Administrative Governance

Administrative Governance looks into six areas: Local Legislation, Development Planning, Revenue Generation, Resource Allocation and Utilization, Customer Service and Human Resource Management and Development. Cavite's performance in each area of Administrative Governance is plotted in the graph below.

### *Area(s) with Excellent Performance*

The province is doing an excellent performance in 3 out of 5 sub-areas of *Administrative Governance*. Sustain Performance in this area:

Area(s) with Excellent Performance	Interpretation
Development Planning	Structures, consultative processes and planning databases which are highly facilitative in the preparation or updating of land use and development plans are in place.
Human Resource Management and Development	Managing the human resource is geared towards a desired end which is "desirable organizational performance and productivity".
Revenue Generation	Viable and adequate measures to maximize revenue generation potentials are successfully in place.

### *Area(s) for Improvement*

The areas for improvement are listed by priority, starting from the area which gets the lowest performance scale followed by areas which get higher performance scales, respectively.

Priority Area for Improvement	Performance Description	Interpretation
Local Legislation	3.92 High but not Excellent	The imperatives of quality legislation have to be looked into. This might mean looking into legislative staff competence and the greater use of legislative tools such agenda development, legislative tracking, backstopping committee and legislative performance.
Resource Allocation and Utilization	4.00 High but not Excellent	Management and coordination processes for budgeting and accounting are in place. However, these processes need to be revisited and improved. They are guarantees to an effective allocation and optimum utilization of financial resources.

**Social Governance**

Social Governance looks into four areas: Health Services, Support to Education Services, Support to Housing and Basic Utilities, and Peace, Security and Disaster Risk Management. Your LGU performance in each area of Social Governance is plotted in the graph below.

**Area(s) with Excellent Performance**

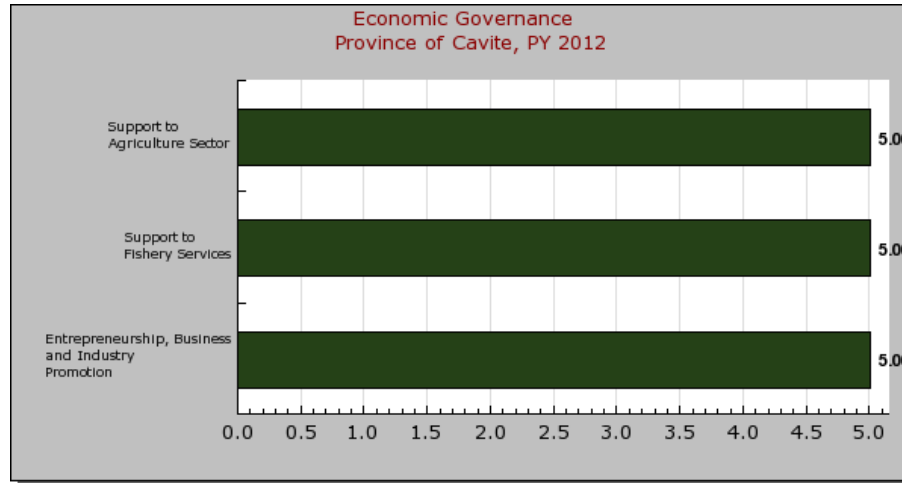

Your LGU is doing an excellent performance in 4 out of 4 sub-areas of *Social Governance*. Sustain Performance in this area:

Area(s) with Excellent Performance	Interpretation
Health Services	A highly functioning health system characterized by quality primary health care, quality maternal care and quality child care. CSO-participated medical missions and health insurance for indigent families are innovations that add more luster to, and dynamism in, the health system.
	The Local Disaster Coordinating Council is functional - which is a measure of disaster-preparedness. There is a high level of readiness to respond to, or manage, the risks attendant in a disaster or calamity - including relief and rehabilitation.
Support to Housing and Basic Utilities	An administrative mechanism dedicated to addressing the multiple requirements of housing services is in place. Mass housing project and donation of lots for socialized housing are twin-response to the housing backlog.
Support to Education Services	Truly effective support to basic education. The LSB is functional. Principally, the SEF is used where it should be utilized in the first place - school facilities, educational research, additional classrooms and teachers, scholarship program. Supplementary allocation from the General Fund is an added value in favor of the education sector.

**Economic Governance**

Economic Governance looks into three areas: Support to Agriculture Sector, Support to Fishery Services, and Enterprise, Business and Industry Promotion. The report varies according to the nature of economic activities in the locality. Support to agriculture or fishery services are filtered out if not applicable. Your LGU performance in this area is plotted in the graph.

Area(s) with Excellent Performance	Interpretation
Health Services	A highly functioning health system characterized by quality primary health care, quality maternal care and quality child care. CSO-participated medical missions and health insurance for indigent families are innovations that add more luster to, and dynamism in, the health system.
Peace, Security and Disaster Risk Management	Appropriate structure and plan for community and child protection are established. Funding and other essential support for protective services and the Katarungang Pambarangay are ensured. Crime incidence is reduced, and most if not all interpersonal disputes are immediately and amicably settled.

**Area(s) with Excellent Performance**

Your LGU is doing an excellent performance in 3 out of 3 sub-areas of *Economic Governance*. Sustain Performance in this area:

Area(s) with Excellent Performance	Interpretation
Entrepreneurship, Business and Industry Promotion	Very capable of promoting a business-friendly environment. Customer-oriented civil application system is in place. Speedy processing and release of building, occupancy and business permits characterize the system (for municipalities and cities). A management authority is created to take the lead in promoting the investment potentials of the LGU. Initiatives such as provision of tax incentives, assistance in product labeling especially for SMEs and support to job fairs are in place.
Support to Fishery Services	A working FARMC. Funding for the fishery sector is fully provided such as on the rehabilitation or construction of fishery-related infrastructure, e.g., mariculture park, fish port, sea cages. Credit, production support, research and development, and market development services are available. Most if not all the fisherfolks benefitted from fishery extension and on-site research services or

Area(s) with Excellent Performance	Interpretation
	facilities.
Support to Agriculture Sector	Financial support is adequate for (a) communal irrigation system, farm-to-market roads, and post-harvest facilities, either in the aspect of maintenance or rehabilitation; and (b) agricultural extension and on-site research services or facilities, i.e., credit facilitation services, production support services, research and development, and market development services, benefitting most if not all farmer-beneficiaries.

**Environmental Governance**

Environmental Governance looks into four areas: Forest Ecosystem Management, Freshwater Ecosystem Management, Coastal Marine Ecosystem Management, and Urban Ecosystem Management. The report varies according to local ecosystems. Ecosystems which are not related to the LGU are filtered out. Your LGU performance in this area is plotted in the graph below.

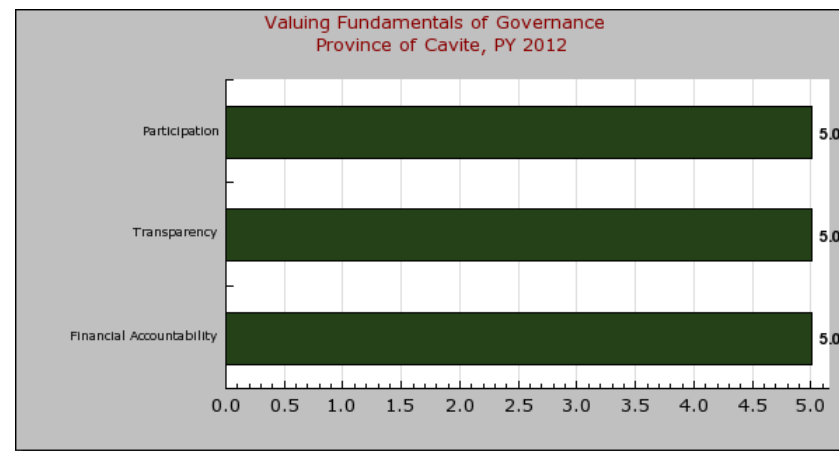

**Area(s) with Excellent Performance**

Your LGU is doing an excellent performance in 4 out of 4 sub-areas of *Environmental Governance*. Sustain Performance in this area:

Area(s) with Excellent Performance	Interpretation
Coastal Marine Ecosystems Management	Coastal marine ecosystem management is a core concern of the LGU. Long-term planning is practiced. CSOs and citizens are engaged in coastal marine protection and rehabilitation. Areas for rehabilitation and protection are set, and that target areas for rehabilitation and protection are met.
Freshwater Ecosystems Management	Freshwater ecosystem management is of importance to the LGU. Long-term planning is valued. CSO and citizen participation are recognized and are mobilized in fresh water protection and rehabilitation. Areas for rehabilitation and protection are set, and that target areas for rehabilitation and protection are met.
Forest Ecosystems Management	Forest ecosystem management is central to the concerns of the LGU. Long-term planning is paramount. CSOs and citizens are mobilized in forest protection. Areas for reforestation and protection are set, and that target areas for reforestation and protection are met.
Urban Ecosystems Management	Pollution control and solid waste management are attended to. Short-term and long term planning for pollution control and solid waste management are considered. On pollution control efforts -- CSOs and citizens are involved in urban space greening and cleaning. Protection measures against pollution are set and targets are met. On the solid waste management front, the Solid Waste Management Board is functional. MRFs are working in all barangays. Appropriate solid waste collection and disposal system is established and implemented.

**Valuing Fundamentals of Governance**

This section of the report describes how your LGU values and maintains good governance in the context of Transparency, Participation, and Financial Accountability.

***Area(s) with Excellent Performance***

Your LGU is doing an excellent performance in 3 out of 3 sub-areas of *Valuing Fundamentals of Governance*. Sustain Performance in this area:

Area(s) with Excellent Performance	Interpretation
Participation	Engaging the citizens and CSOs in local governance has achieved an admirable level of maturity. Proofs to this are CSO participation in decision-making through the Local Special Bodies, CSO involvement in local development projects and Citizens Feedback.
Financial Accountability	Financial accountability is highly valued. Structures and systems for accounting, internal control, procurement and financial transactions are well-defined and working.
Transparency	Transparency in governmental operations is remarkable. Communicating to the public through various means, i.e., Bulletin Board, Public Information Office or Desk, print, broadcast media, website, and forum, is valued.
