

DTI Registered Business Names

Department of Trade and Industry oversees the registration of business names. With a registered name, a firm will be able to get various documents and permits in order for business to go on full operation. It also distinguishes the products and services from those of competitors and helps establish the firm's identity in the marketplace. DTI intends to rollout further online initiatives that would integrate business registration-related processes across business registration agencies to facilitate ease of doing business, promote transparency, curb corruption, and reduce red tape in the bureaucracy.

As of 2016, a total of 20,125 local firms are registered through the business name registration with DTI Cavite Office. The number of registered businesses in Cavite has increased by 23.18% from 18,418 local firms last year. The figures continue to increase every year because many businesses are being set up by those considered in the micro, small and medium enterprises (MSME) sector due to existing favorable market forces and business environment.

One Town One Product

One Town One Product (OTOP) is a priority program of the national government to promote entrepreneurship and create jobs in the countryside. OTOP supports micro, small and medium enterprises (MSMEs) to manufacture, offer and market distinctive products or services through the use of indigenous raw materials and local skills and talents. Through OTOP, SMEs can avail of comprehensive package of services from the LGU, government agencies and private sector. These services are technical support, fund sourcing, branding and package design, business skills and access to markets both local and foreign.

In Cavite, the cities and municipalities are promoting products such as coffee, dairy products, bamboo products, native delicacies, marine products and agriculture products. There is also city/municipality which is promoting tourist destinations as their OTOP. Table 6.44 shows the different OTOP products of the different towns including its descriptions.

Tourism

Tourism is travel for recreational, leisure or business purposes. The World Tourism Organization defines tourists as people "traveling to and staying in places outside their usual environment for not more than one consecutive year for leisure, business and other purposes". It has become a popular global leisure activity. Tourism is important, and in some cases, vital for many countries. It was recognized in the Manila Declaration on World Tourism of 1980 as "an activity essential to the life of nations because of its direct effects on the social, cultural, educational and economic sectors of national societies and on their international relations.

The Philippines is a very blessed nation in terms of its natural attractions. Similarly, Cavite abounds with great objects, and subjects, of culture and history. It is the birthplace of a good number of Filipino heroes and it has an interesting range of sites associated with the Philippine Revolution of 1896. Found in the province is the residence of the first president of the republic, Emilio Aguinaldo, which is also the site where the Philippine Republic was proclaimed on June 12, 1898. Yet Cavite stands proudly as a place with a glorious past. It's warm and friendly people, whose ancestors fought for a noble cause, manifest industry and patience in various skills and professions, openly receptive to the entry and exchange of culture and technology that are of value to this wondrous province.

A province not constrained with living in the past, Cavite teems with natural resources and fantastic landscapes. It is home to Tagaytay City, the Philippines' second summer capital, next to Baguio City. The accessing highway offers a breathtaking sight of the world-famous Taal formation, a crater within an island within a lake. Coconut groves dot the ridges of Tagaytay and classy

accommodations give the visiting tourists the pleasures of relaxation, and at the same time, wide opportunities to enjoy the magnificent view of Taal.

Furthermore, Cavite is a land blessed with galore of natural wonders, making it gleaming and a perfect place for a memorable eco-holiday. It is a picturesque, scenic province providing a place conducive for both business and leisure. The province has some of its most superb mountains, cave and falls which can truly fascinate its numerous visitors. Natural wonders in Cavite are mostly found in the upland areas. Meanwhile a number of historical and religious sites are also located in the province, which have defined significant events and have illustrated human creativity and cultural traditions. Each site tells its own distinctive story. Some of these sites are sacred and some are commemorating battlefields. More importantly, all of these places have contributed a sense of time, identity, and place to our understanding of Cavite as a whole.

Major Growth Corridors

As a premiere tourist destination where variety of attractions and entertainment facilities are available, Cavite's six (6) cities and seventeen (17) municipalities are clustered into three tourism nodal points for the particular interests of visitors belonging to different market segments:

Metro Tagaytay – “Metro Tagaytay” is one major growth corridor of the Province. This includes the Municipalities of Silang, Alfonso, Mendez, Amadeo, Indang, Magallanes, Gen. Emilio Aguinaldo (Bailen), Maragondon, Ternate and Tagaytay City. These municipalities are famous for natural tourist attractions and conducive for meditating, sight-seeing, picnicking and other countryside activities considering the desirable weather condition and proximity to Tagaytay City, the center of tourism in Cavite.

Since Tagaytay City has its own identity as a popular tourist destination due to its cool environment and attractions, it would be utilized seemingly as a “lead anchor” to tow its adjacent municipalities into prominence as well as a viable tourism alternative, e.g. Alfonso has its Flower festival and Silang known for its fruits. The end view of the tourism undertakings is to entice tourists to prolong their stay in the area and allow them to discover the innate tourism flavor of the province.

Ternate - Corregidor - Naic-Maragondon Area is popularly attractive because of the presence of world-class beach resorts complementing the area's historical attractions.

Sonya's Garden

Located just 10kms from Tagaytay, Sonya's garden is a restaurant/bed and breakfast situated amidst a charming fragrant English garden. Sonya's Garden serves the most organic herbs and world class cuisines. It also has a spa, country store and even its own bakery where you can buy freshly baked bread. The service in the restaurant is very good.

With its green surroundings plus the endearing flowers with different colors, Sonya's Garden turned from a simple home to a grandiose events venue. The authenticity of their eco-friendly advocacy made this place more interesting. Lovers of organic food will certainly enjoy this place.

Countryside Tourism

With the advent of the Metro Tagaytay Program, it is envisioned that there will be significant tourism development programs on the way. The Caviteños' warm affection, hospitality, diligence and persistent determination to keep and enhance the countryside landscapes thru multi-crop and selected farming technologies have earned a high recognition for the upland area of Cavite to be an excellent place for "home stay program" which is categorically a component of "Countryside Tourism." This program poses a very high potential to augment the tourism industry in Cavite. Under this program, visitors are given an opportunity to get a vigorous and enthusiastic stay in the countryside during an agreed short period of stay where farm owners serve as hosts and guides as they willingly share their homes and their farm skills with the visitors. Under the local government unit's Adopt-A-Farm Project, Coffee farms in Amadeo have become perfect tourist destinations for coffee lovers and interested farmers and researchers. Flower and vegetable farms along the windy slopes of Tagaytay Ridge, and in the fertile soils of Alfonso and Silang, where an impressive variety of flowers bloom and crisp green, plum tomatoes and other vegetables are plenty, have also been identified and recognized by the Department of Tourism as good stop-over points and home stay areas.

Best Buy Souvenir Items and Home Grown Products

Cavite's home-grown products and native delicacies perfectly complete the guests' visit in the province. Along their exciting travel, lots of grand restaurants and simple eating houses which offer flavorful dishes and delicacies can fully catch everybody's sense of taste. Travelers can dine at Mushroom Burger House, Josephine's Restaurant, Max's Restaurant, Dencio's, Santi's Deli, Viewsite, Bag of Beans and in other food chains along Tagaytay Ridge. Meanwhile, visitors especially vegetarians, prefer to take the delicious, fresh salads and other dishes made with ingredients straight from the backyard farms at Gourmet Café in Silang and Sonya's Garden in Alfonso. There are also restaurants running on the coastal towns which serve fresh and hearty seaside fares. For people who want to experience Vietnamese cuisines, BAWAIS Restaurant is the place to visit which offers authentic Vietnamese food and other varieties. To experience Europe, one can try visiting Chateau Hestia just 20 meters away from Bawais, a must try is their wide array of sausages, wines and delectable pizza. Another experience to try is the taste of authentic Cavite dishes that one can find in Asiong's Restaurant, Cavite Republic, Malen's and much more eating places that serve those mouthwatering dishes. There are also fine dining restaurants that can cater to the needs of high end markets such as Antonio's, Massimo's, and Cliffhouse Inn.

Along the major roads of the province are stands selling varieties of local fruits, greenhouse flowers and organically-grown vegetables. Home decors, native bags and other handcrafted products are also sold in shops in the major thoroughfares. Meanwhile, health and beauty products made from honey bee pollen and other honeybee products are readily available at Ilog Maria Honeybee Farms in Silang. The seaside towns also catch the likings of sea-food lovers for their live oysters (talaba), mud crab (alimango), mussels and smoked fish (tinapa). For those busy hands, Cavite offers pottery-making in Silang, experience the hands on the wheel to

make your own handcrafted pots, cups, vases, wind chimes, and ceramic décor that will truly amaze everyone. Cruising along Governor's drive down to the municipality of Carmona, one will find the big producer of handmade and machine made bolo owned and maintained by the Hebron Brothers. A wide variety will pop out of one's eyes inside the store. Produced products are distributed all over the country as far as Nueva Ecija and Bicol to name a few.

Finally Cavite's unique blend of coffee, mango wine, vinegar, virgin coconut oil and dragon fruits, which are currently processed to produce health products, can genuinely hook the taste of visitors giving them full of life and spirits as they jaunt around the province.

And if visiting Tagaytay, one should not expect any shopping mall like Robinson's or SM anywhere within the city because there's none. Tourists mostly flock here due to the cold and crisp climate which is only an hour and a half away from the bustling Metro Manila. Although, shopping malls are almost non-existent in Tagaytay, it cannot be said that shopping here is not pleasurable. Most of the goodies that can be found here are consumables like;

1. **Fruits and Vegetables** - Along the highway within the main road of Tagaytay, a short line of fresh fruits and vegetables at a reasonable price. Tagaytay fruits and vegetables are known to be really fresh because of the cold climate in the city which further enhances the feature and flavor of the fruits and vegetables such as pineapples, bananas, mangoes, guyabanos and other fresh commodities, either to be brought home or to be munched along the way.
2. **Buco Tarts, Buco Pies and assorted pastries** - Tagaytay has two popular places to get these yummy goodies: Rowena's and Amira's Buco Tart Haus. Pastry

shops sell delicious and fresh, homemade buco pies and tarts which are made from real coconut flesh slices. Aside from buco, their pies and tarts also come in other variants like pineapple, ube, mango, apple and the ube yummy egg tarts. Take-away goodies like boat tarts, tamarind preserves and assorted biscuits can also be found within these two establishments. A definite must-visit place especially if you have a sweet tooth.

3. **Good Shepherd Convent Ube Jam** - Originally from Baguio City, the ube jam from Good Shepherd Convent which is made by the nuns from Tagaytay is also a popular must-buy. Although they say that the original ones from Baguio is still the best, the ones from Tagaytay is also equally delicious and well-known especially to locals who's craving for an ube jam without heading for a grueling 5-7 hour trip going to Baguio. Quality is assured in each bottle of ube jam as they are made really fresh and uncapped upon purchase. The nuns from the store will explain when can to seal the bottles.
4. **Pink Sisters' Angel Cookies** - Angel cookies are delicious cookies which literally melts in the mouth and the nuns from the Pink Sisters Convent in Tagaytay are an expert in making these. For those who frequently visit Tagaytay or to first-timers, this is a favorite must-buy. Aside from the fact that these tasty treats can be enjoyed, buying cookies from the Pink Sisters will also contribute in helping the maintenance of the convent.
5. **Samala Rice Cakes** or more popularly called Bibingka Samala is one of the most popular delicacy proudly Cavite City made. It is made of glutinous rice, coconut milk and sugar. It comes in two flavors, the traditional "malagkit" and "pinipig". The "gata" [coco milk] is flavorful enough that can be distinctively tasted, yummy and mouthwatering, although too sweet for fairy tooth. It is the most

famous "pang-regalo" of the Caviteños when visiting friends. It is also popular to serve on parties and celebrations.
