Social Welfare Programs and Services

Based on the submitted reports of the Municipal/City Social Welfare and Development offices in the province, there are a total of 1,312 cases involving children in need of special protection. The number of reported cases in the province decreased by 30.84% from 1,897 in 2019.

In 2020, the most reported cases of children were children in conflict with the law, which totaled 497 cases. Republic Act No. 9344 defined children in conflict with the law as persons under the age of 18 years who is alleged as, accused of, or adjudged as, having committed an offense under Philippine laws. Other cases are street children (197), maltreated children (9), neglected/abandoned children (25), physically abused (41), acts of lasciviousness (15), sexually abused (188), emotionally abused (28),

victims of child labor (13), minors at risk (279), foundling minors (11) and victims of child trafficking (9).

On the other hand, the 3,536 reported cases involving women include women who have been physically abused (2,191), economically abused (556), psychologically abused (385), emotionally abused (332), and sexually abused (72).

The number of women in difficult circumstances drastically increased by 1,291 cases (57.51%) in 2020. The large increase was attributed to the increase of reported physical abuse cases, which increased by 1,490 cases (212.55%). The largest increase was recorded in City of General Trias with an increase of 601.64% from 244 cases in 2019 to 1,712 cases in 2020.

Senior Citizens

Senior citizens are people who are at least 60 years old. With the implementation of various republic acts, senior citizens are entitled to different services given by the government. Some of these benefits are discounts on medical-related privileges, transportation, and other services, tax exemption, utility discounts, and various government assistance like a social pension.

As of 2020, a total of 268,139 citizens of Cavite are considered in their senior years. They are those who have been registered with their respective LGUs and have received their Senior Citizen ID. Most of the senior citizens are female, which accounts for 59.20%. Most senior citizens reside in the City of Dasmariñas, with a total of 65,735 citizens that covers 24.52% of their population. The Cities of Bacoor and Imus followed with 35,049 and 26,324 citizens, respectively. Meanwhile, Amadeo has the least number of senior citizen residents with only 288 citizens.

Persons with Disability

Disability is the condition judged to be impaired relative to the usual condition of an individual (United Nations). It often refers to the physical, sensory, cognitive, and intellectual impairment of an individual. Persons with disabilities (PWDs) have generally poorer health, lower education achievements, and economic opportunities. Thus, the government has passed different acts that focus on helping them. Through these government proclamations, they are entitled to various benefits like discounts, employment opportunities, and others.

As of 2020, a total of 62,681 citizens of Cavite were considered PWDs. Most of them are males, which accounted for 54.03% of the PWDs population. Most PWDs reside in the City of Dasmariñas with a total of 11,399 individuals. It accounted for 18.19% of the total PWD population. The Cities of Bacoor and Imus followed with 10,427 and 6,931 individuals. Magallanes has the least number of PWDs with only 324 individuals, accounting for only 0.52% of the PWD population.

Solo Parent

Republic Act No. 8972, known as the "Solo Parents' Welfare Act of 2000", was passed in the year 2000. The law defines a solo parent as any individual who falls under any of the following categories:

- 1) A woman who gives birth as a result of rape and other crimes against chastity even without a final conviction of the offender. Provided, that the mother keeps and raises the child;
- 2) A parent left solo or alone with the responsibility of parenthood due to death of a spouse;
- 3) A parent left solo or alone with the responsibility of parenthood while the spouse is detained or is serving sentence for a criminal conviction for at least one year;
- 4) A parent left solo or alone with the responsibility of parenthood due to physical and/or mental incapacity of spouse as certified by a public medical practitioner;
- 5) A parent left solo or alone with the responsibility of parenthood due to legal separation or de facto separation from spouse for at least one year, as long as he or she is entrusted with the custody of the children;
- 6) A parent is left solo or alone with the responsibility of parenthood due to declaration of nullity or annulment of marriage as decreed by a court or by a church as long as he or she is entrusted with the custody of the children.
- 7) A parent left solo or alone with the responsibility of parenthood due to abandonment of spouse for at least one (1) year.
- 8) An unmarried mother/father who has preferred to keep and rear his or her child/children instead of having others care for them or give them up to a welfare institution.
- 9) Any other person who solely provides parental care and support to a child or children.
- 10) Any family member who assumes the responsibility of the head of the family as a result of the death, abandonment, disappearance, or prolonged absence of the parents or solo parent.

They are also entitled to a comprehensive package of programs and services as long as they have a Solo Parent ID from the City or Municipal Social Welfare and Development Office.

As of 2020, a total of 15,309 individuals were recognized as solo parents in Cavite. The solo parents' population is dominated by women, which accounted for 88.88% of the solo parent population. Most solo parents are residents of the City of Dasmariñas, with 3,446 individuals. The municipalities of General Mariano Alvarez and Carmona followed with 1,840 and 1,553, respectively. Meanwhile, Magallanes had the lowest number of solo parents, with 24 reported.

Provincial Social Welfare and Development Programs and Projects

The following programs and projects for 2020 are the key services related to social welfare and development offered by the Province of Cavite through the Provincial Social Welfare and Development Office.

Welfare Assistance

Despite the fact that 2020 was a difficult year for everyone, PSWDO has worked tirelessly to assist its clients with social welfare programs, services, and other development programs. The Welfare Assistance Program of the PSWDO aims to assist individuals and families in crisis through the provision of different services.

PSWDO had Internal Funds disbursed amounting to ₱ 49,515,634.56, serving a total of 9,673 clients with the following beneficiaries: Assistance to Individual in Crisis Situation (AICS-Regular), Assistance to Persons with Disability in Need of Special Social Services (APWDSSS), Balik Probinsya, Burial Assistance for Senior Citizen (BASC), Burial for the Poor (BFP), Centenarian, Indigency, Labor Assistance for Child Development Workers (LACDW), Labor Assistance for Persons with Disability (LAPWD), Labor Assistance for Senior Citizen (LASC),

Participation/Attendance to Local, Regional, National, International PWD Activity and Competition (PALRENICO), Reintegration Assistance for OFW Migrants (ROOM), Assistance to Women in Especially Difficult Circumstances (WEDC), and Youth and Development Assistance (YDA).

They also had External Funds disbursed amounting to ₱ 12,930,500.00, serving a total of 2,044 clients with the following beneficiaries: Assistance to Abused Children (AAC), Assistance to Children in Crisis Situation (ACCS), Assistance to Children in Conflict with the Law (ACICL), Assistance to Children/Youth in Need of Special Social Services (ACNSSS), Assistance to Displaced Family and Individuals (ADFI), Child Development Assistance (CDA), Education Assistance for Child Laborers (EACL), Livelihood Assistance for the Family of the Child Laborers, Children Victims of Trafficking and OSEC (LACLCLOSEC), Calamity Fund (For Fire Exploitation Victims), and Quick Response Fund (For Affected Farmers of African Swine Fever Outbreak).

Children and Youth

Various levels of quarantine imposition were implemented nationwide in the country during the first quarter of the year 2020 to avoid and reduce the number of virus transmissions. Daily routines and tasks at work, school, and even at home were disrupted. It also includes some of the major changes and prioritization of program and service implementation in the government. As a result, a new normal setting was gradually adapted to sustain and continue the necessary services.

Despite the challenges, the Cavite Provincial Council for the Protection of Children (PCPC), an inter-agency council responsible for planning and spearheading programs for children, continued to take the lead in implementing programs and services for children. The council ensured a gender-sensitive, culturally relevant, and responsive environment for diverse groups of children 18 years of age.

The Provincial Government set aside ₱ 41,287,939.18 from its annual internal revenue allotment for the council's strengthening and implementation of programs and activities (IRA).

The State of the Children Address (SOCA) delivered by Hon. Kerby Salazar, on behalf of Hon. Governor Jonvic Remulla via online the Facebook page of the Cavite Provincial Council for the Protection of Children focused on the four gifts for children which are mainly composed of Children's Rights such as survival, development, protection, and participation.

According to the Philippine Decentralization Law, local government units (LGUs) are responsible for the majority of basic social services. There are two main reasons for this: devolution and insufficient resources for local government units (LGUs). In order to ensure broad-based political support, implementation, and accountability for children's issues, the Local Code for Children, one of the four essential tools, was developed. When it comes to crafting policies and mandates to ensure that its entire population receives fair and holistic treatment that would promote their welfare and boost their potential to become productive and healthy citizens, PGC is one of the most dynamic local government units. Children play an important role in society, and this book acknowledges that fact. Hence, the Revised Children's Code of the Province of Cavite, which aims to protect children from all forms of violence and maltreatment.

Through the PCPC, Provincial Government of Cavite wants to address a number of challenges, including the high prevalence of malnutrition in Cavite. By providing supplemental feeding to severely underweight children, the Philippine Plan of Action aims to ensure that children are well-nourished and healthy. Because of this, PCPC continued to implement the feeding program, knowing that our children in the community were in dire need of it at this time. Milk feeding was preferable to supplemental feeding, both for the safety of the child and for the convenience of the service provider. The budget for the

milk feeding program in Trece Martires City was ₱ 450,000 for 250 children.

The feeding started on December 7, 2020, and will last until May 7, 2021.

A child's survival rights include access to healthy and balanced meals, as well as meeting the needs of other children in the community who are less fortunate than themselves. A glass of milk and milk-based products will be provided by the City Health Office to every child in the community. Children's rights are one of the council's top priorities, and one of its priority programs is to address the problem of stunted and underweight children in the community.

The Center of Excellence for Caviteño Children (CECC) will serve as a temporary home for children at risk. One of the social problems that beset our country is the presence of children at risk of behaving in a way that could harm themselves or others. The situation of these children is caused by personal, family, and social circumstances. They are children whose rights must be protected and observed. Although they have committed an offense, they must be treated humanely, with respect for their inherent dignity, and in a manner taking into consideration the needs of their age.

It will provide protection and care for children in a home-like environment for a minimum period of six months and a maximum period of one year. Furthermore, it will be a social laboratory or learning center for social work practitioners and partner professionals.

In addition to the child's physical needs, the center will also address the child's psychosocial, medical, and economic needs. Using structured activities, the children will be involved in positive behavior reformation.

To start with the basics of the residential care facility operating, the Manual of Operation was crafted and reviewed by the PSWDO assigned staff while the renovation of the building is ongoing. Then, the MOP was presented to the Technical Working Group of the Provincial Council for the Protection of Children with non-government personnel from government and non-government institutions. The Manual of Operation was forwarded to the Standard Bureau of DSWD for final review.

In the immediate vicinity of the Provincial Capitol, the province's Special Drug Education Center plans to build a new facility. As a "day center," it will provide special programs and services for youths, street children, as well as their families and community members who are willing to live a drug-free life. These programs and services will be provided by Registered Social Workers of the PSWDO and other partner agencies/offices. As part of the programs and services provided by the organization, there will also be referrals to other agencies as well as learning centers for other clients.

Children (UNCRC) was adopted. The Philippines celebrates National Children's Month (NCM) every November. It aims to make Filipinos aware of its significance.

Gender and Development

According to Section 36 of the Magna Carta of Women, there is a need for all government agencies to adopt GAD mainstreaming as a strategy to promote women's human rights and eliminate gender discrimination in their systems, structures, policies, programs, processes, and procedures. Gender and Development programs were implemented by the PSWDO.

Using teleconferences, members of the Gender and Development Focal Point System and Technical Working Group drafted the GAD Code's Implementing Rules and Regulations (IRR). Together, they developed the IRR, which was then sent to Provincial Legal for review.

Family and Community

Family and Community Projects and Programs by PSWDO involve massive advocacy of different policies and the implementation of programs, projects, and activities covering family and community.

On August 26, 2020, the Provincial Government of Cavite, through the Provincial Social Welfare and Development Office, and the United Solo Parents Association Inc. – Cavite Chapter, held a Capability Development Activity for 30 selected solo parent employees and officers of the Provincial Government of Cavite, focusing on COVID-19 Risk Awareness, Stress Management, and Financial Literacy. Mr. Ralph Laurence Figueroa thoroughly briefed the participants on how to avoid and prepare for a pandemic. He always mentioned bringing the new essentials like facemasks, alcohol, quarantine passes, grocery or errand checklists, bottled water, and tissues. His partner from DOH also explained the advocacy, which is the BIDA solution to COVID-19, which stands for **B**awal Walang facemask, **I**-sanitize ang kamay, **D**umistansya ng isang metro, at **A**lamin ang totoong Impormasyon. Ms. Rouchelle Dinglasan began her discussion on stress management with an inhale-exhale breathing exercise because it gives us time to think and helps us think more clearly. She also reminded everyone to know the root of stress so that it can be managed properly. For the last topic, Ms. Sheryll Loyola conducted financial literacy, which is very relevant during the pandemic. She conducted several activities on how to handle expenses and also how to save.

Senior Citizens

Cavite's provincial government recognized the unique contributions of our elderly to the nation's construction. To this day, the province is unwavering in its commitment to promoting and defending the rights of our seniors. When it comes to enforcing the Expanded Senior Citizens Act, the local governments and other stakeholders in the province were in full compliance with this new legislation (RA 9994).

The Provincial Government of Cavite conducted house to house distribution of financial assistance to senior citizens and labor assistance for senior citizens, and assistance to centenarians.

Persons with Disability

In accordance with R.A. 7277 Magna Carta for PWDs, the Provincial Government of Cavite, through the Provincial Social Welfare and Development Office, provides support for the improvement of the total well-being of persons with disabilities and their integration into society.

The Persons with Disability staff partner with the Persons with Disability Affairs Office in the implementation and delivery of different PWD programs and services in the province of Cavite. The Provincial Government of Cavite ensured that there were approved funds amounting to ₱ 6,464,000 through its numerous PPAs. Included activities for the year include Women with Disabilities Day and Capacity Building for Women Advocates, which is celebrated in March, Program Implementation Review for PCDA members, Leadership Training and Team Building for the Federation of PWD, Health-related Training for Children with Disabilities, Vocational Skills Training, and the conduct of regular meetings with LGU partners to strengthen the partnership. PSWDO has also provided funds to provide financial assistance to enrolled Persons with Disabilities via APWDSSS, allowance to PWD local officers via LAPWD, provision of assistive devices via ASPWD funds, and funds for PWD who showcase their talent and represent the sector via the PALRENICO fund.

The occurrence of various disasters in the country, such as the Taal Volcano Eruption and the COVID-19 pandemic, has resulted in a change in the implementation of PPAs, particularly because the majority of the programs and plans call for mass gatherings, which were prohibited by the Inter-Agency Task Force (IATF) to prevent the virus from spreading. The majority of PPAs were canceled as a result, and meetings and activities were conducted via teleconferences.

Despite the pandemic, the PWD unit in partnership with PPDAO was able to execute and deliver numerous activities for the year 2020. These include the distribution of hearing aid devices to qualified patients with hearing impairment, the conduct of virtual meetings, celebration of disability-related events, attendance at regional meetings, conduct and participation in different webinar series, and urban agriculture online training. The unit also responded to the Taal Volcano eruption and the COVID-19 pandemic. To protect our leaders, the LAPWD fund distributed quarterly incentives to PWD leaders via house-to-house releasing. The unit ensured that proper health protocols were followed for activities that take place face to face, such as hand sanitizer making.

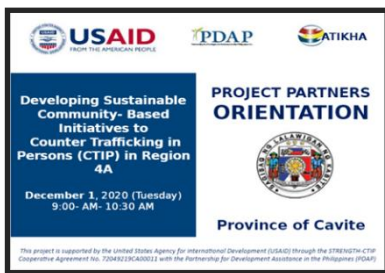

The distribution of hearing aids through the ASPWD and PACWD funds continued. This was done through PSWDO's partner, Manila Hearing Aid, which provides free hearing aid screening, molding, and care to recipients of one piece of hearing aid device worth a total of ₱ 10,750.00 from the Provincial Capitol. Hearing aids enable a person with a hearing impairment to socialize and interact more effectively in society.

In addition, a total of 123 assistive devices comprising of adult commode chairs, cane sets, wheelchairs, walkers, blind sticks, and adult crutches were released to needy PWD recipients from the LGUs of Silang, Dasmariñas City, Amadeo, Alfonso, Carmona, GMA, Indang, Naic, and Trece Martires City. The provincial government shall establish and maintain the center with technical support from the SDEC Team (PSWDO, DILG, Dep. Ed, PNP-WCPD, PHO, POPCOM, Provincial Agriculture Office, PCPC Focal Person, Cavite PDEA Office, PCLEDO, Provincial SK President, ABC President (Community Representative), PYAP Cavite, and NGO partners.

Human Trafficking

ATIKHA conducted a project partner orientation in CAVITE, with representatives from PSWDO, PCLEDO, PPESO, Bacoor City, ABC President, Silang MSWDO, officials, and representatives from the pilot barangays in attendance.

The dynamic online meeting led to the appreciation of PLGU representatives who were key agencies of the Cavite Overseas Filipino Welfare Council on the initiatives; support of the City and Municipal migration focal to the CTIP Project; support of pilot barangays to the activities; and mapping of OFWs, families, and returnees in pilot barangays.

Overseas Filipino Workers

In December 2020, the Cavite Reintegration Program for OFWs (CaRe OFWs) that aims to provide financial literacy and more knowledgeable about the program and services in the province.

Livelihood and Training

PSWDO provides underprivileged people with skills training that will enable them to find open jobs and contribute to increased family income. Some of the areas of specialization include sewing craft, food preparation, and non-food training.

Moreover, the office provides interest-free capital assistance and other livelihood-oriented services to enable the needy head of the family and other adults to undertake income-generating projects. It provides livelihood opportunities to disadvantaged families who have no skills and are unemployed. It also enables beneficiaries to develop positive work habits and attitudes, improve their capacity to utilize labor and income-oriented community services, and gain occupational and business management skills.

Social Protection

To save lives in the short term by delivering food and non-food to the impacted people during the emergency

response phase, and to restore food security in the afflicted areas to at least pre-disaster levels in the long run.

Camp Coordination and Camp Management (CCCM) was created to ensure that the rights of all the affected population are respected, fulfilled, and protected: life, properties, physical, mental, and moral integrity; the necessities of life; economic, social, and cultural rights; and civil and political rights.

Major disasters in the Philippines frequently generate an atmosphere of confusion and instability, demanding the continuation of relief activities as well as rehabilitation efforts to assist the impacted families and communities.

From the Taal Volcano Eruption to the COVID-19 pandemic to consecutive typhoons, the year 2020 has been a difficult one for everyone, especially the Caviteños. It was a year in which the efficiency of a disaster response operation and its implementation could be seen and measured.

As the Taal Volcano erupted, the PWD Unit aided in interviewing evacuees and supervising the evacuation center, where the majority of Batangas City people were evacuated to Cavite. The Province conducted CCCM monitoring in evacuation sites and assistance in disaster assistance family access card gathering.

During the implementation of community quarantine in the Province of Cavite, the Provincial Social Welfare and Development Office participated in supplying food packs to families and individuals.
